## MODULAR KITCHENS

2020 Catalogue

You do not have to set aside your dreams of a perfect kitchen. Thanks to modular furniture you will be able to arrange interiors that are tailored to your needs and you will be able to deal with even the most inconvenient rooms. The original fronts, combined with tops and unique handles will look like from interior design magazines. Our furniture will make you a designer, and your kitchen will meet the highest standards in terms of functionality, quality and aesthetics.

# MODULAR KITCHENS **RAVENA**

Our kitchen furniture is designed in the form of a modular system comprising over 160 cabinets, which allows for furnishing any room, even the most complex one, to make your kitchen functional in everyday life. When designing your dream kitchen, you should focus on the real needs of its users. A family of 4-5 people needs a different kitchen than a young couple or a single.

## 5 stages of furnishing a kitchen

If you want your kitchen to be not only pretty but also functional and comfortable to use, you need to:

- **Divide the kitchen into functional zones.**

The arrangement of work zones and the distances between them is called the work triangle. The vertices of the triangle are the sink, the fridge and the cooktop, which should be situated 1-2m apart.

- **Choose the appropriate height of worktops**

If you are tall, choose cabinets with 15-cm legs instead of the standard 10-cm ones.

- **Replace base cabinets with drawers**

The fully extendable drawers allow easy access to the entire contents of the cabinet.

Two-row kitchen

One-row kitchen

# MODULAR KITCHENS **RAVENA**

---

Kitchen with the **TAFLA** front  
Cabinets of the cube type in the colour of stone oak give the kitchen an exceptional character.

Kitchen with the **TAFLA** front  
A small, simple cabinet arrangement can also gain in beauty by adding interesting design details and colours.

Kitchen with the **TAFLA B** front  
White, smooth front panels with milled handles create a clean, bright space in the kitchen.

Kitchen with the **LONDON** front  
Fashionable classic fronts will work well in virtually any interior.

# LONDON

London fronts combine the classic and modern styles. Depending on the nature of the interior, they will work well in a stylish but modern kitchen as well as English or rustic ones.

RAVENA modular kitchen, white/grey **LONDON** front, worktop in alpine white

Material: MDF board  
Finish: matt varnish  
Thickness: 19 mm

available colours:

Decorative mouldings (blinds)  
for wall cabinets

# TAFLA

Tafla fronts have a simple design. They are perfect for modern kitchens. You can freely combine colours and materials.

As standard, the shelves in wall cabinets are in carcass colour. Optionally: possibility to order glass shelves.

# WORKTOPS

Kitchen worktops play a fundamental role in the comfort of work. The larger a worktop, the easier it is to prepare a meal. A worktop must be nice, durable and easy to clean.

- + material: chipboard with a layer of thermosetting plastic
- + stain-resistant, heat-resistant, do not fade from the sun and can be easily cleaned
- + thickness: 38 mm

## Available colours:

## Available sizes:

203 x 60 cm<sup>\*\*</sup>, 348 x 60 cm<sup>\*</sup>, 407 x 60 cm<sup>\*\*</sup>, 203 x 120 cm<sup>\*\*</sup>, 407 x 120 cm<sup>\*\*</sup>, leg 87 x 59.8 cm, leg 87 x 93.8 cm

## LAMELA Natural oak veneer

thickness: 40,5 mm  
188 x 60 cm  
248 x 60 cm  
300 x 60 cm  
300 x 94 cm  
thickness: 42,5 mm  
leg 87 x 59,8 cm  
leg 87 x 93,8 cm

Natural oak veneer, wood strip

## Options of combining different worktops with each other:

- "Overlap" joining.  
3 fixing bolts used.

- Joining using a strip.

The working surface of veneered worktops requires protection by oiling. Such a worktop gets old beautifully and that is why it will be used for many years.

<sup>\*</sup> The worktops are sold as a whole.

<sup>\*\*</sup> The worktops have the possibility to be cut to a particular size. The cut is performed on the basis of a drawing.

## WORKTOP ACCESSORIES

### WORKTOP STRIPS:

- + They constitute elegant worktop finish
- + Available:

- Aluminium, sizes  
20 x 20 x 3000 mm
- PVC MINI  
12 x 12 x 3000 mm

External and internal corner protectors are available, as well as endings

### WORKTOP ANGLE EDGING STRIP:

- the colour of aluminium
- white or black colour

### WORKTOP SIDE STRIP:

- in aluminium, white and black colours

### SCREWED CONNECTION 150 for WORKTOPS

Sealing band applied under  
sink 7.5 x 300 mm

Sealing membrane applied  
above dishwasher  
8 x 80 mm

## DECORATIVE PANELS

A great solution for walls. They can be matched to the worktop or feature an original decor. Decorative panels are an excellent alternative to tiles. They provide a perfect finish for your kitchen workspace. Combining the kitchen worktop with the upper cabinet line protects the wall behind the work surface and gives an additional decorative touch.

### SPLASHBACK PANELS

- + Made of decorative HPL laminate and chipboard
- + Heat-resistant, dirt-resistant
- + Easy to clean, hygienic

Pre-defined formats available: 2000 x 487 x 10 mm 2000 x 510 x 10 mm, 4100 x 640 x 10 mm
